

Report: APPI Official Field Visit – Ma’am Sanjukta

Date: 14th to 16th May 2025

From **14th to 16th May 2025**, Ma’am **Sanjukta**, an official from the APPI Project, conducted a field visit to several project locations, accompanied by the Pro Rural Director and team members. The visit aimed to review ongoing project activities, interact with community members, and assess field-level progress.

1. Community Meeting with Nsong Village Council

On **14th May**, the team held a community meeting with the **Nsong Village Council**. The meeting focused on project updates, future plans, and the importance of local participation and ownership. Council members expressed their continued support for the project and highlighted areas where further collaboration could strengthen impact.

2. Interaction with Farmers of Ngam Village

On **15th May**, the team visited **Ngam Village**, where they interacted with local farmers engaged in various agricultural and allied activities. The farmers shared their experiences, challenges, and successes under the project. Ma’am Sanjukta appreciated the efforts made by the community and encouraged them to adopt sustainable practices to enhance productivity and income.

3. Community Meeting and Site Visit at Old Ngaulong Village

On **16th May**, the team visited **Old Ngaulong Village**, where a community meeting was held with village members. Following the meeting, the team inspected the **vegetable cultivation plots** developed under the project. The visit provided an opportunity to observe firsthand the progress and outcomes of the interventions. The community expressed satisfaction with the support received and showed enthusiasm for expanding the initiative further.

Conclusion:

The field visit by Ma’am Sanjukta was productive and encouraging. Her interaction with stakeholders at all levels reinforced the importance of community-driven development. The

positive feedback and enthusiasm from village communities reflect strong potential for continued success and sustainability of the APPI project activities.
